

SO MANY HEROES Music © 2002 & Lyrics © 2020 By Derek Parsons

Verse 1

Turned on the picture hanging on the wall

Thinking to myself no-one's known at all

So many heroes, each a guiding star

Bringing hope to us in this darkened hour.

Mid 8 - 1

I can't believe who's gone

Whatever could be so strong?

Some gave their life for us to save the rest

Let history write them as some of the best!

Verse 2

I clap for heroes, each a guiding star

Such good friends to us working from afar.

It tells a story that makes my spirit rise

Lifting up my heart into brighter skies.

Mid 8 - 2

And while I mourn their loss

There's many who bear my cross

I'm not alone now, my heroes have come

I'm stuck in this lock-down but I'll carry on

Verse 3

Watching the pictures coming from the wall

Thinking to myself no-one's known at all

So many heroes, each a guiding star

Bringing hope to us in this darkened hour.

So many heroes.
